The Operations Department is the investigative arm and the largest department of the ICAC. It investigates corruption allegations both in the public and the private sectors, and other crimes which are revealed in the course of investigation and are connected with or facilitated by corruption. In addition to general investigators, the Department also engages specialist investigators to provide operational support in areas such as computer forensics, financial investigation, witness protection, undercover operations, and intelligence analysis. The Operations Department operates a 24-hour report centre and its own detention facilities.

執行處專責調查工作，是廉署最大的一個部門，職責範圍包括偵查公營和私營機構的貪污指控，及其他在調查過程中發現與貪污有關或由貪污引起的罪行。除了常規的調查人員外，執行處亦有專責人員，在電腦資料鑑證、財務調查、證人保護、臥底行動和情報分析等方面提供行動支援。此外，執行處轄下設有一個二十四小時運作的舉報中心，以及扣留疑人的設施。
